SVI Trucks is experienced builder of life saving vehicles available through the HGACBuy Program.

Why HGACBuy?

HGACBuy offers the simplest way to buy. All HGACBuy contracts are awarded by virtue of a competitive bid or RFP process in accordance with government purchasing status.

WHO WE ARE

HGACBuy is an award-winning, nationwide government-to-government procurement service operated by the Houston-Galveston Area Council. Since beginning our services in 1975, we've assembled a team of experienced professionals, who, collectively, offer more than 150 years of experience to members.

WHO IS ELIGIBLE

All units of local governments, state governments, state agencies and nonprofits providing governmental services are eligible for HGACBuy membership, if their states have statutes in place allowing participation in other states' co-ops. HGACBuy has more than 7,497 members serviced in 40 product categories.

HOW TO JOIN

An inter-local contract can be executed at no cost to you. You will find the ILC form on HGACBuys website under "About Us." Complete the form and secure approval from appropriate authority in your organization and return the ILC form to HGACBuy for execution and to receive membership access to the program.
